Celebrating **THE ARCHITECTS OF INDIA'S ENERGY FUTURE**

The Enersider Future Energy Leaders Award Show (FELAS) is an exclusive industry platform celebrating organisations and individuals driving India's next chapter in energy excellence. Bringing together leaders across renewables, power, mobility, hydrogen, and emerging clean technologies, FELAS honours innovation, strategic vision, and sector-shaping impact. It reinforces a shared commitment to resilience, sustainability, and pioneering efforts propelling India's energy transformation with purpose, ambition, and a forward-looking ethos that inspires collective progress.

JUDGING *Criteria*

INNOVATION & TECHNICAL EXCELLENCE

Evaluation of breakthrough ideas, advanced technologies, unique solutions, or pioneering approaches demonstrated in the project, company, or leadership profile.

IMPACT & MEASURABLE OUTCOMES

Degree of tangible contribution to sectoral progress—performance improvements, emissions reduction, efficiency gains, cost optimisation, or market influence.

LEADERSHIP & STRATEGIC VISION

Strength of long-term direction, decision-making, organisational influence, and ability to guide teams or initiatives in shaping the energy landscape.

SCALABILITY & REPLICABILITY

Potential of the initiative, project, or technology to scale, be adopted widely, or drive broader industry transformation.

SUSTAINABILITY & ALIGNMENT WITH NATIONAL PRIORITIES

Contribution to India's clean energy goals, including decarbonisation, energy security, resilience, and alignment with emerging policy directions.

OPERATIONAL EXCELLENCE & GOVERNANCE

Quality of execution, project management, efficiency, compliance, safety, and overall governance standards.

APPLICATION *Process*
